Will Not Fight Gould's Interest.

New York, Nov. 29.—Joseph Ramsey, Jr., formerly president of the Wabash railroad, said yesterday that he did not think it likely that he would take any legal action in regard to the result of the recent annual meeting of the Wabash securities holders at which he failed of election as a director of the road. Mrs. Ramsey has taken offices at 100 Broadway and is engaged in settling the affairs of the Little Kanawha syndicate. Asked as to whether he would make any statement concerning his plans he said that so far as the inquiry referred to his entering the service of some other road, he did not think he would consider anything of the kind at present.

Keep Your Head Clear

And your stomach free from indigestion if you would be happy with your family and your fellow-men.

The worst thing on earth to get a man's system "out of whack" is heavy, angry bread, which is caused by several reasons. First, the material may not be good. Second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. Use THE BEST FLOUR and our "Long Cut" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances it is so much more palatable.
